## NABPOP Issues New BPO Standards and Guidelines

Posted on October 5, 2010 in [BPO](#) with [1 comment](#)

The nation's foremost organization for Brokers and Agents who prepare Broker's Price Opinions (BPOs) has revised the [BPO Standards and Guidelines](#) (BPOSG) that are used to support most opinions. The National Association of Broker Price Opinion Professionals (NABPOP) and eMortgage Logic have collaborated to update the document. The BPOSG is said to be quickly gaining recognition as the "Gold Standard" for BPO assessments. Their guidelines include suggested practices for the selection and utilization of comparable properties, pricing considerations, the use of photographs, and ethical and competency considerations.

The company, eMortgage Logic, supports the training needs of NABPOP.

You can download the new BPO guidelines at <http://www.nabpop.org/BPOSG-V4.pdf>
